

Novel Coronavirus COVID-19 Screening

You must answer **NO** to all of these questions to screen negative and enter the building

1) For Screeners – Is there a concern for a potential COVID-19 infection for the person (e.g. is there an outbreak in the facility, is the patient awaiting COVID-19 test results etc.)

2) Did you travel outside of *Canada* in the past 14 days?

3) Have you tested positive for COVID-19 or have you had close contact with a confirmed case of COVID-19 *without wearing appropriate PPE*?

4) Do you have ANY of the following symptoms:

- Fever
- New onset of cough
- Worsening chronic cough
- Shortness of breath
- Difficulty breathing
- Sore throat
- Difficulty swallowing
- Decrease or loss of sense of taste or smell
- Chills
- Headaches
- Unexplained fatigue/malaise (feeling “blah”)/muscle aches
- Nausea/vomiting, diarrhea, abdominal pain
- Pink Eye (conjunctivitis)
- Runny nose/nasal congestion without other known cause

5) For Screeners – If the person is 70 years of age or older, are they experiencing any of the following symptoms: delirium, unexplained or increased number of falls, acute functional decline, or worsening of chronic conditions?

We are diligently following government and Regulatory College guidelines and taking measures to keep our staff and clients as safe as possible. We cannot completely remove your risk of being exposed to COVID-19 while attending our facility. By attending your appointment and receiving services from your health care provider, you are acknowledging and confirming that you are willing to accept this risk as a condition of attending Erie Shores Rehabilitation.
